

Biography

Adrian Saw caught the “Magic Bug” at the age of 12, when he witnessed the stage spectacular of legendary magicians Siegfried and Roy. Proving his ability as a keen negotiator, he convinced his mum to buy him a magic kit and since then, he has been hooked on performing and amazing others. Family, friends and school teachers all became willing participants in Adrian’s expanding repertoire of magic and mystery.

While the magic (and the clothes) are slightly different these days, Adrian still maintains the same sense of enthusiasm and energy for his magic that is so infectious on audiences. Adrian’s engaging personality and high energy captivates a crowd and draws them into the show, allowing the audience to re-live their sense of wonder.

Adrian took a break from magic to complete his Bachelor of Commerce Degree and undertake a successful career as a fund manager within a Top 10 Global Investment Management company. But magic was always his calling and since returning to the scene, he has appeared on Australian national television, read minds across the airwaves on ABC Radio and has won Australian and International awards for his sleight of hand skills and magic performances. Adrian has also had his original magic published globally and is available as a reference for other magicians around the world.

Adrian continues to train and hone his skills with some of the best minds in magic, to ensure his magic remains modern and innovative, while building on the work of past masters of this ancient art form. Adrian is a member of the International Brotherhood of Magicians, The Society of American Magicians and the Australian Society of Magicians.
